

# ACE 2025

## Colombo, Sri Lanka

# 13<sup>TH</sup> ASIAN CONGRESS ON ENDOMETRIOSIS

*"EMPOWERING WOMEN, ENHANCING TREATMENT:  
THE FUTURE OF ENDOMETRIOSIS & ADENOMYOSIS"*

**31<sup>st</sup> Oct.**

*Pre-Congress Pelvic Ultrasound Workshop*  
Rooftop Lecture Hall, Ninewells Hospital,  
Colombo 05.

**01<sup>st</sup> Nov.**

*Pre-Congress Laparoscopy Surgery Workshop*  
The Studio, Cinnamon Life Hotel,  
Colombo.

**2<sup>nd</sup> & 3<sup>rd</sup> Nov.**

*Main Congress*  
The Forum & the Studio,  
Cinnamon Life Hotel,  
Colombo

Presented by the Endometriosis and Adenomyosis Association of Sri Lanka in conjunction  
with the Asian Society of Endometriosis and Adenomyosis.

# OVERVIEW

Asian Society of  
Endometriosis and  
Adenomyosis

The Endometriosis and  
Adenomyosis Association of  
Sri Lanka

2<sup>nd</sup> Nov

Main Congress Day 01

07.30	Registration	
08.00	Free Paper Sessions - Forum A/B, Studio A/B	
09.00	Opening Ceremony at The Forum	
09.20	Keynote Lecture - Elucidating Inflammatory Crosstalk and Targeted Pathways for Non-Hormonal Therapeutics in Endometriotic Lesions	
09.40	Tea Break	
10.00	Plenary Session 1 - Shame, Silence & Sex: The Invisible Pain of Endometriosis	
10.20	Plenary Session 2 - New Avenues for the Treatment of Endometriosis Associated Pain	
10.40	Plenary Session 3 - Novel Insights of Endometriosis Associated Infertility	
11.00	Interactive Discussion	
11.15	Session Changeover Interval	
11.20	Symposium 1 Forum A <b>European Endometriosis League Session</b> Refining Surgical Practice in the Management of Deep Endometriosis	Symposium 2 Forum B <b>World Endometriosis Society Session</b> Molecular Frontiers in Endometriosis: Integrating Immunologic, Genomics, Proteomics, and Microbiome Insights Across Asian and Global Populations
	Symposium 3 Studio A <b>Young ASEA session</b>	Symposium 4 Studio B <b>Diagnosis</b>
01.05	Lunch Break - Industry Sponsored Symposium - Bayer	

# OVERVIEW

2<sup>nd</sup> Nov

Main Congress Day 01

Asian Society of  
Endometriosis and  
Adenomyosis

The Endometriosis and  
Adenomyosis Association of  
Sri Lanka

01.50

Plenary Session 4 - The C's: Causes, Consequences and Collaboration toward Clinical Classification of Endometriosis

02.10

Plenary Session 5 - Endometriosis Research in India: Clinical Phenotypes & Genetic Insights from a National Case Control Study

02.30

Interactive Discussion

02.40

Session Changeover Time

02.45

Symposium 5  
Forum A  
**Panel Discussion on "Management of Endometrioma"**

Symposium 6  
Forum B  
**Aetiology, Pathophysiology & Epidemiology of Endometriosis**

Symposium 7  
Studio A  
**Pain Management in Endometriosis**

Symposium 8  
Studio B  
**Endometriosis in Adolescents & Early Detection**

Symposium 9  
Forum A  
**Panel Discussion on "Management of Adenomyosis"**

Symposium 10  
Forum B  
**Experimental Models and Translational Insights in Endometriosis Research**

Symposium 11  
Studio A  
**Central Asian Country Session**

Symposium 12  
Studio B  
**Free Paper Session**

06.05

End of Symposium Day 1

07.00

Congress Dinner

# OVERVIEW

Asian Society of  
Endometriosis and  
Adenomyosis

The Endometriosis and  
Adenomyosis Association of  
Sri Lanka

3<sup>rd</sup> Nov

## Main Congress Day 02

07.45

Free Paper Sessions - Forum A/B, Studio A/B/C

09.00

The Forum

ASEA Board Meeting - Studio D

Plenary Session 6 - Endometriosis as a Systemic Disease

Plenary Session 7 - Emerging Theories on the Pathogenesis of Adenomyosis

Plenary Session 8 - Current Treatment of Adenomyosis

10.00

Interactive Discussion

10.10

Tea Break

10.30

Symposium 13  
Forum A

Endometriosis Surgical Management

Symposium 14  
Forum B

Translating Endometriosis Research into Clinical  
and Policy Impact

Symposium 15  
Studio A

Medical and Integrative Approaches to  
Endometriosis Management

Symposium 16  
Studio B

Endometriosis and Fertility:  
Optimizing Reproductive Outcomes

Symposium 17  
Studio C

UNFPA Session

Symposium 18  
Studio D

Free Paper Session

11.40

Session Changeover Interval

Adenomyosis Association of  
Sri Lanka

2<sup>nd</sup> Nov

## Main Congress Day 01

11.20

### Symposium 3 Studio A Young ASEA session

*Chairs: Sun wei-Guo & Sean Tsai*

*Keke Zhang*

The Role of ZNF143/CTCF in the Pathogenesis of Endometriosis

*Liang Xie*

Profiling Macrophage Heterogeneity in Endometriosis by Single-Cell Multi-Omics Techniques

*Tseng Chun-Han*

The Role of Progesterone Resistance in the Treatment for Patients of Endometriosis

*Yishan Chen*

Coagulation-Fibrinolysis System Hyperactivity: a Potential Contributor to heavy menstrual bleeding in Adenomyosis?

*Yu-Chen Hsu*

The Role of Oxytocin Receptor Antagonist in Adenomyosis Patients for Embryo Transfer

*Hrishikesh Munshi*

Delay in Diagnosis of Endometriosis in India: Findings from the Endometriosis Clinical & Genetic Research (ECGR) Study

*Nayna Barada*

The Endometriosis Continuum: From Infertility Management to Pregnancy Outcomes in Indian Women and Global Perspectives

### Symposium 4 Studio B Diagnosis

*Chairs: Vitaly Bezhenar & Rubina Sohail*

*Yuliya Sopova*

Differential Diagnosis in Endometriosis

*Saeed Alborzi*

New Aspects in Ultrasound for Diagnosis of Endometriosis

*Yuliya Sopova*

Step by Step in Ultrasound Examination Deep Infiltrating Endometriosis

*Christopher Hill*

Biomarker Discovery in Endometriosis

*Kutay Biberoglu*

The Impact of Early Diagnosis on Women with Endometriosis

Discussion - 15 min

01.05

### Lunch Break - Industry Sponsored Symposium - Bayer

Endometriosis : Current Concepts and Major Paradigm Shifts in the Management and their Clinical Implications in the Real World

1.05 - 1.25 : The Changing Landscape of Endometriosis: Medical Management & Surgery - Presenters: Dr. Sadiya Ahsan Pal & Dr. Nabia Tariq, Panelists: Dr. Rubina Sohail, Dr. Nadeem Zuberi & Dr. Aisha Malik

1.25 - 1.45 : Guidelines - Dr. Sai Lakshmi Daayana

### The Forum

*Chairs: Plenary Set 2 - Grant Montgomery & Stacey Missmer*

01.50

Plenary Session 4 - The C's: Causes, Consequences and Collaboration toward Clinical Classification of Endometriosis - *Stacey Missmer*

02.10

Plenary Session 5 - Endometriosis Research in India: Clinical Phenotypes & Genetic Insights from a National Case Control Study - *Rahul Gajbhiye*

02.30

### Interactive Discussion

02.40

### Session Changeover Time

# SCHEDULE

2<sup>nd</sup> Nov

Main Congress Day 01

02.45

Symposium 5  
Forum A

Management of Endometrioma

Moderator: Prabodhana Ranaweera  
Panel Discussion

Saeed Alborzi

Kaori Koga

Rajesh Modi

Abbas Aflatoonian

Laila Arjumand Banu

Symposium 7  
Studio A

Pain Management in Endometriosis

Chairs: Moamar Al-Jefout & Abeera Choudry

Moamar Al-Jefout

Endometriosis-Related Pain: Between the Pill and the Knife!

Andrew Horne

Personalising the Approach to the Management of Unexplained Chronic Pelvic Pain

Pattaya Hengrasmee

Retroperitoneal Fibrosis: The Cause of Deep Endometriosis-Related Chronic Pelvic Pain

Sharmin Abbasi

Uncovered Elagolix: A New Chapter in Endometriosis Symptom Relief

Vitaly Bezhenar

Deep Endometriosis and Pain: New Approaches to Postoperative Treatment

Discussion - 15 min

04.15

Symposium 6  
Forum B

Aetiology, Pathophysiology & Epidemiology of Endometriosis

Chairs: Sean Tsai & Andon Hestiantoro

Paola Vigano

The Origin of Endometriosis

Kutay Biberoglu

The Endocrine Pathogenesis of Endometriosis

Hugh Taylor

Immunology of Endometriosis

Elham Askari

The Role of Microorganisms in Pathogenesis and Progression of the Endometriosis.

Grant Montgomery

Genetic Risk and Comorbid Conditions in Endometriosis

Fuminori Taniguchi

Role of Tenascin in Lesion Formation in Early Peritoneal Endometriosis

Discussion - 12 min

Symposium 8  
Studio B

Endometriosis in Adolescents & Early Detection

Chairs: Mukhri B. Hamdan & Nadeem Zuberi

Sun-Wei Guo

Is Endometriosis a Progressive Disease?

Sameena Chowdhury

Development and Validation of an AI-integrated Tool for Early Screening of Endometriosis Risk in a Low and Middle-income Country

Angela Aguilar

Adolescent Endometriosis: Early Detection and Management

Natalia Artymuk

Medical Management of Endometriosis in Adolescents

Edgardo Somigliana

Association Between Endometriosis and Other Benign Uterine Disorders: Does a Great Uterine Syndrome Exist?

Discussion - 15 min

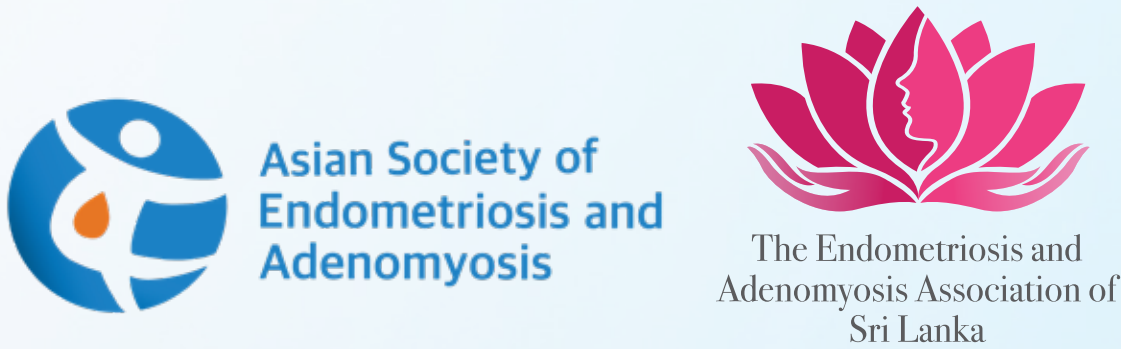

Tea Break

# SCHEDULE

2<sup>nd</sup> Nov

Main Congress Day 01

04.35

Symposium 9  
Forum A

Management of Adenomyosis

Moderator - Abhishek Mangeshikar  
Panel Discussion

Tanvi Desai

Mukhri B. Hamdan

Elvin Piriyev

Kaori Koga

Gulchikhra Shaumarova

Symposium 11  
Studio A

Central Asian Country Session

Symposium 10  
Forum B

Experimental Models and Translational Insights in Endometriosis Research

Chairs : Azgi Fazleabas, Dharani Hapangama

Christopher Hill

In-vitro Endometriosis Modelling  
Novel 3D Multicellular In Vitro Models Including Organ-on-Chip Work Relevant to Endometriosis (and Adenomyosis, Fibroids, and Infertility)

Andon Hestiantoro

Rat Models in Adenomyosis Research

Mariya Yarmolinskaya

Development of New Directions in Drug Therapy for Endometriosis Based on Experimental Models  
Retinol and Endometriosis: Is There a Relationship?

Sung Hoon Kim

Role of Retinol-Binding Protein-4 in the Pathogenesis and Pathophysiology of Endometriosis and Retinoic Acid as a Potential Therapeutic Modulator

Discussion - 20 min

Symposium 12  
Studio B

Free Paper Session

06.05

End of Symposium Day 1

07.00

Congress Dinner

# SCHEDULE

Asian Society of  
Endometriosis and  
Adenomyosis

The Endometriosis and  
Adenomyosis Association of  
Sri Lanka

3<sup>rd</sup> Nov

## Main Congress Day 02

08.00

Free Paper Sessions

The Forum

*Chairs: Plenary Set 3 - Tasuku Harada & Dharani Hapangama*

09.00

Plenary Session 6 - Endometriosis as a Systemic Disease - *Hugh Taylor*

09.20

Plenary Session 7 - Emerging Theories on the Pathogenesis of Adenomyosis - *Sun Wei Guo*

09.40

Plenary Session 8 - Current Treatment of Adenomyosis - *Tasuku Harada*

10.00

Interactive Discussion

10.10

Tea Break

10.30

Symposium 13  
Forum A  
**Endometriosis Surgical Management**

*Chairs: Tanvi Desai & Jakhongir Gafurov*

*Abhishek Mangeshkar*

Unfreezing the Pelvis

*Vitaly Bezhenar*

Nerve Sparing Laparoscopic Surgery for Deep Endometriosis

*Alexander Popov*

Uro-genital Endometriosis - Surgical Treatment and Results.

*Anton Fedorov*

Anterior Abdominal Wall Endometriosis.

Discussion - 20 min

Symposium 14  
Forum B

**Translating Endometriosis Research into Clinical and Policy Impact**

*Chairs: Hugh Taylor & Sun Wei Guo*

*Dharani Hapangama*

Spatial Transcriptomics Reveals Pathology-Specific Dysregulated Pathways and Targets for Future Treatments for Adenomyosis, Endometriosis and Fibroids Associated Endometrial Abnormalities

*Grant Montgomery*

Leveraging Functional Data for Disease Gene Discovery and Genetic Prediction

*Gita Mishra*

Patterns of Health Service Use Before and After the Diagnosis of Endometriosis in Australia

*Idhalisz Flores*

From Bench to Policy: Amplifying Endometriosis Research Impact on Society

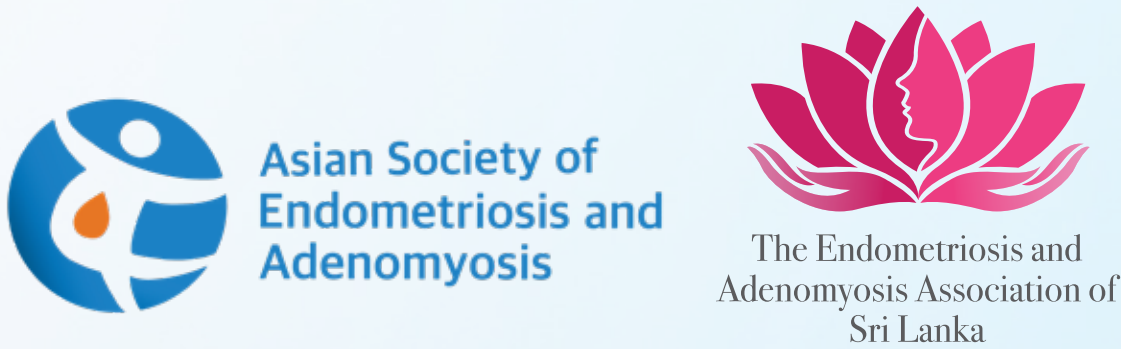

Discussion - 20 min

# SCHEDULE

3<sup>rd</sup> Nov

Main Congress Day 02

10.30

Symposium 15  
Studio A

Medical and Integrative Approaches to Endometriosis Management

Chairs: Naoko Sasamoto & Andon Hestiantoro

- Tasuku Harada

Role of Oral GnRH Antagonists in Medical Treatment of Endometriosis
- Sung Hoon Kim

Effects of Dienogest in the Treatment of Endometriosis: In Vitro, Animal, and Korean Clinical Data
- Yuval Kaufman

Evidence-Based Use of Chinese Herbal Medicine for the Treatment of Endometriosis – How to Personalize Treatment
- Sean Tsai

Alternative Therapeutic Approaches for Endometriosis

Discussion - 10 min

Symposium 17  
Studio C

The Health Promotion Bureau, in collaboration with UNFPA Sri Lanka

Presentation of preliminary findings from the National Research on Menstrual Health and Hygiene

11.40

Session Changeover Time

11.45

The Forum

How can we Improve Care for Endometriosis and Adenomyosis?

Panel Discussion

(Moderator-Hemantha Senanayake)

(Participants- Stacey Missmer, Geeta Mishra, Idhalisz Flores, Rahul Gajbhiye, Moamar Al-Jefout)

Symposium 16  
Studio B

Endometriosis and Fertility: Optimizing Reproductive Outcomes

Chairs: Islam Magalov & Rizwana Chaudhri

- Endometriosis and Infertility
- Angela Aguilar

Fertility Optimization for Women with Endometriosis
- Chaminda Hunukumbura

Medical Management of Infertility in Endometriosis
- Edgardo Somigliana

Fertility Preservation in Women with Endometriosis

Discussion - 10 min

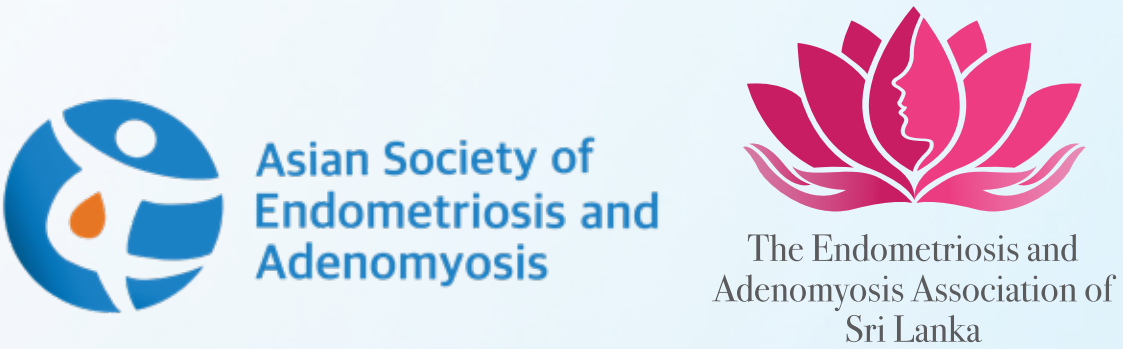

Symposium 18  
Studio D

Free Paper Session

# SCHEDULE

3<sup>rd</sup> Nov

Main Congress Day 02

12.40

01.30

02.40

Lunch Symposium - "Advancing Endometriosis Diagnosis: Ziwig's Endotest – of Next Generation Sequencing and Artificial Intelligence"

00 – 10: Buffet & Gathering in Auditorium

10 – 25: "The Urgency & Challenges of Early Non-invasive Diagnosis of Endometriosis" - Prof Sun Wei Guo

25 - 45: "Existing Diagnostic Modalities and the Development of Endotest" - Dr Yuval Kaufman

45 – 50: Q & A Session

Symposium 19  
Forum A  
Colorectal Endometriosis

Chairs: Yuliya Sopova & Jessica Opoku-Anane

Abhishek Mangeshikar

Clinical and Imaging Aspects of Bowel Endometriosis Shaving, Discoid or Segmental Resection? - How to Make the Decision

Alexander Popov

Robotic and Laparoscopic Colo-rectal Resection: 400 Cases in One Centre

Saeed Alborzi

Long Term Outcomes of Treatment of Colorectal Endometriosis

Discussion - 15 min

Symposium 25  
Forum A  
Advanced and Complex Endometriosis Surgery: Planning, Techniques, and Long-Term Outcomes

Chairs: Chandana Jayasundara & Edgardo Somigliana

Hemant Kanojiya

Navigating Complex Cases of Endometriosis by Using Knowledge of Retroperitoneal Anatomy

Dhammika Silva

Managing Ureters in Endometriosis Surgery

Kumara Dissanayake

Technique of Total Laparoscopic Hysterectomy in a Frozen Pelvis

Paola Vigano

Should We Remove Endometriomas in Patients Who Have Not Completed their Families?

Moran Paz

The Robot in the Room: Is Robotic Surgery Worth It for Endometriosis?

Jessica Opoku-Anane

Prevention of Recurrence After Surgery

Discussion - 10 min

Symposium 20  
Forum B  
The Sino-Japanese Joint Session on Endometriosis/Adenomyosis

01:30-01:35

Tasuku Harada, Sun-Wei Guo

Opening

01:35-01:55

Fuminori Taniguchi

P2X4 receptor antagonist suppresses endometriosis proliferation and hyperalgesia

01:55-02:15

Yi Dai

MDT treatment of bowel endometriosis-- the experience of PUMCH

02:15-02:35

Xiaofang Yi

Stepping beyond ureteral injury: Lessons from deep endometriosis surgery

02:35-02:50

Daiki Hiratsuka

Prognostic factors of progesterone resistance in symptomatic adenomyosis: impact of lesion localization on treatment outcome of levonorgestrel intrauterine system

02:50-03:05

Hengwei Liu

The role and mechanism of lactylation in fibrogenesis of endometriosis

03:05-03:20

Takahiro Shibata

Potential Role of Fusobacterium in the Pathogenesis of Adenomyosis

03:20-03:35

Jichan Nie

A pilot study on the use of transcutaneous auricular vagus nerve stimulation (taVNS) to treat adenomyosis and endometriosis.

03:35-03:50

Yosuke Tarumi

HSD17β6, highly expressed in endometriotic tissues, plays important roles in estrogen receptor β-mediated action of endometriosis

03:50-04:05

Yuchan Zhong

TGF-β1/Smad3-driven macrophage-myofibroblast transition promotes fibrosis progression in endometriosis

04:05-04:20

Kota Tanaka

Eosinophil plays a role in promoting fibrosis in endometriotic lesion via Adenosine Triphosphate

04:20-04:35

Xinqi Mao

Monosodium Glutamate Exacerbates Endometriosis Pain via NMDAR1-MediatedHyperexcitability

04:35-04:50

Chitose Kamiya

Granulosa Cells Senescence in Ovarian Endometriosis: A Potential Therapeutic Target for Infertility

04:50-05:00

Tasuku Harada, Sun-Wei Guo

Discussion and Closing

# SCHEDULE

3<sup>rd</sup> Nov

Main Congress Day 02

01.30

Symposium 21  
Endometriosis & Pregnancy

Chairs: Tasuku Harada & Indunil Piyadigama

Fuminori Taniguchi

Adverse Obstetrical Outcomes in Women with Endometriosis and Adenomyosis

Natalia Artymuk

Endometriosis and Pregnancy

Chathura Ratnayake

Special Considerations in Managing Pregnancy in women with Endometriosis and Adenomyosis

Jakhongir Gafurov

Insolvent Scars on the Uterus After Cesarean Section and Endometriosis

Discussion - 10 min

Symposium 23  
Studio C  
Bangladesh Country Session

Saleha Begum Chowdhury

Rational surgical approaches in endometriosis treatment

SK Zinnat Ara Nasreen

Hormonal treatment for young women.

Jesmine Banu

Regenerative and Reconstructive Hope: Stem Cell Therapeutics in Endometriosis

02.40

Symposium 26  
Studio A

Russian Country Session

Symposium 28  
Studio C

Iran Country Session

Symposium 22  
Studio B  
Endometriosis Beyond Reproductive Life

Chairs: Paola Vigano & Kaori Koga

Gita Mishra

Endometriosis and Timing of Menopause

Madura Jayawardane

Endometriosis in Post Reproductive Life

Samanthi Premaratne

Endometriosis and Cancer

Idhalisz Flores

Can Stress Management Improve Outcomes in Endometriosis?

Discussion - 10 min

Symposium 24  
Studio D  
Pharmacological and Complementary Approaches in Endometriosis Management

Chairs: Rahul Gajbhiye & Chaminda Hunukumbura

Kamal Perera

Sri Lankan Ayurveda Perspectives of Endometriosis

Chandana Jayasundara

Place of Oral Contraceptives in the Modern Management of Endometriosis

Sharmin Abbasi

Uncovered Elagolix: A New Chapter in Endometriosis Symptom Relief

Symposium 27  
Studio B

Philippines Country Session

Symposium 29  
Studio D

Indonesia Country Session

# SCHEDULE

3<sup>rd</sup> Nov

Main Congress Day 02

Asian Society of  
Endometriosis and  
Adenomyosis

The Endometriosis and  
Adenomyosis Association of  
Sri Lanka

04.40

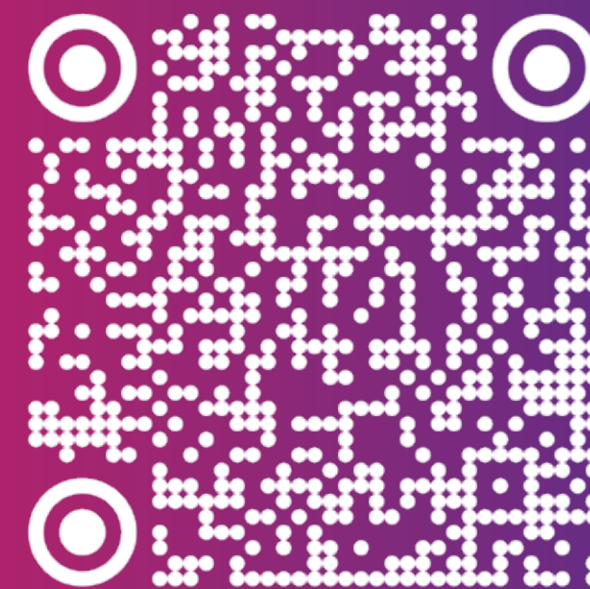

Validictory Session & Conclusion

05.10

Tea Break

05.30

End of Congress
